

Astrology as a Tool for Self Acceptance

Saturday
July 8th

Noon
to
4pm

You know you are unique! Astrology offers you a map of your individuality. It is a tool of self-awareness, understanding and self-acceptance. You are a combination of elements – fire, earth, air, and water; a mixture of modalities – action, stability and mutability. More than your sun sign, this workshop will empower you to embrace your skills and reframe what you might have considered to be your weaknesses. You will gain insight into how other people see you and how that might differ from how you see yourself.

Participants will receive a copy of their birth chart. We need the exact date, time, and location of your birth. A limited number of individual sessions with the teachers are available on Sunday. One-hour sessions are available at the reduced fee of \$60 for workshop participants.

Offered by Cynthia Jones and Patricia Storm from Diana's Grove. They have facilitated workshops in personal growth and professional development for 27 years using tools for self-awareness both ancient and modern. Cynthia began her study of astrology and metaphysics in 1976. Patricia has a MA in psychology and studied hypnotherapy at the Oasis Center in Chicago and at the Alchemical Hypnotherapy Institute in California. They look forward to spending the afternoon with you.

Location: St. Louis Counseling and Wellness, 1053 S Big Bend, Suite 200, Richmond Heights 63117
Cost: \$60. Sign up by June 10th, and save \$10. Early registration is recommended as seating is limited.
